

Transition to Work Service Delivery Plan - Participants

The Transition to Work service is for young people aged 15-21. AnglicareSA's Transition to Work service in the Southern Adelaide region will help you realise your potential by identifying your goals and aspirations, and support you to succeed on your preferred earning and learning pathway. We are committed to helping you discover your passion and find fulfilment through education and work.

You can connect through jobactive providers, Centrelink, local youth and community networks, schools or self-referral. On contact, we will meet with you and offer you a way forward.

- ✓ **Youth Employment Coach:** will identify your short and long term goals and aspirations; develop an individual Job Plan and a step by step approach to achieve them.
- ✓ **Employment Preparation:** career profiling and coaching, job search training, employment applications, including resume preparation and interview skills, job readiness, including presentation, and activities such as getting a driving licence.
- ✓ **Industry Exposure:** industry tours and tasters, work experience and volunteer opportunities.
- ✓ **Learning and training:** literacy and numeracy courses, enrolment, attendance and completion of training (Certificate III or Year 12), Duke of Edinburgh and traineeships/apprenticeships.
- ✓ **Local networks and support:** we can connect you with the local services and supports you need, to achieve your goals.
- ✓ **Life skills:** social and recreational programs, financial literacy and personal development programs.
- ✓ **Placement Support:** We know sticking with learning, or finding and getting a job can be hard, so we will be there to help you stay motivated and weather the ups and downs of your earning and learning journey. This will include virtual or on-site support, tailored to your needs, and designed to help you get the most out of your placement in employment, education, training, work experience or volunteering.
